Type: ROUTINE INSPECTION
Date: Jun-22-2013

This is a focused inspection to address the Direct Repeat NCI cited under 2.40 (b) (2) Veterinary Care on May 23, 2013. One adult male tiger named "Toni " and one adult female tiger named " Trini " both have been evaluated by the veterinarian and the treatment plan provided by the attending veterinarian is being followed.

A follow-up inspection was conducted on two 8.5 month old tiger cubs named " Maverick" and " Baxter" to determine if they were being cared for as directed by the attending veterinarian. At the time of this inspection a follow-up evaluation had been accomplished and the treatment plan was being followed.

A review of medical and acquisition records had been accomplished during this inspection.

Inspection accompanied by APHIS personnel and Colorado Parks and Wildlife Officer. An exit briefing was conducted with licensee.
